

Worlds of Exile and Illusion contains the three novels that launched multiple Hugo and Nebula Award-winner Ursula K. Le Guin's career — Rocannons World, Planet of Exile, and City of Illusions. In Rocannons World, a returning spaceman finds that his past actions have made him a god. In Planet of Exile, the hilfs and farborns battle the gaals and snow ghouls. In City of Illusions, a man embarks upon a quest to discover his true identity.
